The Goal of the Stakeholders' Workgroup will be to resolve, address or provide recommendations on each of the issues that were compiled, validated and agreed upon from the original stakeholders' meetings held in October of 2012

AGENDA

Introductions

- What is a stakeholder: an individual person (or a person representing a group and/or region) with a vested interest in the outcome of the meetings (i.e. AWWA member, well drillers and pump installers, private well owner, PWS)

Expectations of the meeting - (What do we want to accomplish with this meeting)

- Define and document expectations of stakeholder workgroup members.
 - Determine the level of commitment needed for a stakeholder participant
- Determine expected outcomes of the workgroup.
- Discuss the ground rules for the workgroup meetings
 - Responsibilities: Who is responsible for what during and after the workgroup meetings?
- Identify stakeholder volunteers to participate in the workgroups
 - Criteria to be a stakeholder
 - How many representatives (stakeholders) from each industry arena (i.e. PWS, well drillers, local governments, etc)
 - Volunteers?
- Set the date for the first workgroup meeting and the frequency
 - Set format, type, & location of the workgroup meetings
